

XXII NATIONAL CONGRESS OF BIOCHEMISTRY

Next-Gen Biochemical Challenges Across Borders

24-26 October 2024 | University of Aveiro, Portugal

Jointly organized by The Portuguese Biochemical Society and the University of Aveiro

MANUEL JOÃO COSTA

Manuel João Costa is an Associate Professor at the School of Medicine. Pro-Rector for Educational Innovation and Student Affairs at the University of Minho (UMinho), coordinator of UMinho's Center for Innovation and Development to Teaching and Learning (IDEA-UMinho), and supervisor of the service unit that supports educational activities. Moreover, he is the institutional Lead at the University of Minho for the Arqus European University Alliance. He is appointed member of the Learning and Teaching Steering Committee of the European University Association, the education committee of the Federation of European Biochemical Societies, and a delegate at the faculty development committee of the Association for Medical Education in Europe. He co-leads the national seminar for the development of teaching and learning in higher education. He has previously led the Medical Education Unit of the School of Medicine at the University of Minho (2004-2018). Manuel develops research in student development in higher education and learning and teaching with a focus on medical and biomolecular sciences. Manuel's teaching areas are biochemistry and molecular biology, and education in the health sciences.
